

2021 Chairpersons AGM Report

Congratulations to all of us. We have managed yet another year being affected by Covid-19. Another year of showing how adaptive we are, continuing to support our children through their learning years.

It may not yet be over, however the school, the community and the students are learning to live with Covid and continue to strive forward.

School Board

During 2021 we had many discussions

- Uniforms were again discussed and long trouser for winter were introduced for girls, if they wish to wear them
- Parking Zones to help with drop offs and pick ups
- Marketing Brochures
- Class Structures for 2022
- Covid Management
- Reports from Staff, WHS, Principals and P&F
- Building Plans

Thank you to all of those who were regularly present, willing to provide constructive input, into shaping the school's future.

I certainly encourage anyone who feels they can contribute in a proactive way to join the board.

Teaching

Thank you to all of the teachers whom I'm sure also had a challenging year, for a variety of reasons.

Covid, parents and children, can't be an easy gig, but you did it. Well done!!

Conclusion

Thank you to everyone whom has contributed to a seamless education for our children.

Whether that be in class or leaning from home. It was consistent and engaging.
